Requirement of Staple food

610. SHRI RAMACHANDRAN PILLAI: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state;

(a) what quantity of staple food (in grams) is required daily to maintain the required calories for a person in India (working men, women and non-working person) and in developed countries and approximate availability of the same in India; and

(b) how the gap is being filled up?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SMT. D K. THARA DEVI SIDDHARTHA).' (a) As per Indian Council of Medical Research (ICMR) Recomended Dietary (BDA), the daily requirement for calories for Indians are as follows:—

(In Kilo-calories)

	Men	Women
Sedentary Work	2425	J875
Moderate Work	2875	2225
Heavy Work	3800	2925

The energy requirements of a person would be met from the cereals, vegetable, animal proteins, fate, root and tuber etc components of a balanced diet On an average 480 grams/ day of staple feed is recommended for a person. Amongst the developed countries for example USA has re-

commended daily calories requirement in the range of 2300—3100 Kilo-calories at an average of 2700 Kilo calories for a person and this would be met from cereals, mostly animal proteins, fats, root and tuber etc. components of a balanced d'iet.

The per capita net availabilty of staple food in India is: —

	Gm./Day
89 (provisional)	4526
990 (provisional)	432. 6
^91 (Provisional)	471.2

(b) As per information above, the availability (provisional) of staple i'oed for a person in India for 1991 is towards the higher side than the recommended intake.

Children's deaths

611. SHRI RAMACHANDRAN PILLAI: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) the name of top ten countries where children die before the age of five; and

(b) the country-wise number of such deaths occurred during the last three years, year-wise?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SMT. D. K. THARA DEVI SIDDHARTHA): (a) and (b) The names of top ten countries where children die before the age of five and the absolute number of such deaths which occurred during the last three years, year-wise for the year 1988, 1989 and 1990 is given in Statement (See below). The top ten countries have been ranked on the basis of under five Mortality Rates.

Statement

Name of the top 10 countries and total nnmber of under—5 deaths for the year 1988.

(Source: The State of World Children—1990 by UNICEF)

(in thousand)

S.No.	Name of the country	Annual No. of under— 5 deaths
1	Afghanistan	253
2	Mozambique	199
3	Mali	130
4	Angola	131
5	Sierra	51
6	Malawi .	110
7	Ethiopia .	523
8	Guinea	76
9	Burkina-Faso .	94
10	Niger	78

Name of the top 10 countries and total No. of deaths for the Year 1989

(Source ; (The State of the World Children—1991 by UNICEF)

(in thousand)

S.No.	Name of the country	Annual No. of Under 5 5 deaths
1	Mozambique .	203
2	Afghanistan	230
3	Angola .	134
4	Mali	131
5	Sierra Leone	51
6	Malawi .	123
7	Guinea .	68
8	Burkina-Faso .	96
9	Ethiopia .	539
10	Niger	87
